

REMARKS

Claim 28 is amended to recite operations associated with thumbnail displays. Support for this amendment is found in paragraph [0038] of the specification. The newly recited claim limitations are not shown or suggested in the prior art of record. Applicant is willing to make similar amendments to the remaining independent claims if the Examiner allows claim 28.

In view of the foregoing amendments and remarks, it is respectfully submitted that the application is now in condition for allowance. If there are any other residual formalities that need to be resolved prior to allowing the application, the Examiner is requested to contact the undersigned.
